Lesson 1: Quiz on The Godhead

True or False

1. The term "God" can refer to a single entity or a group of people or things considered as a whole.
2. The universe was created and is sustained by a single God.
3. Evolution can account for the beginning and continued existence of the universe.
4. God has existed eternally in three persons: Father, Son, and Holy Spirit.
5. The noun "Elohim" is grammatically singular, but it refers to the single entity of God.

Provide evidence from the Bible to support the concept of the Trinity.
